Subject: RE

Overview:

Our RE curriculum aims to engage pupils in relevant questioning and exploration of their own and others' beliefs, ethics, religions and world views. We encourage the progression of pupils' critical thinking skills, as well as their spiritual and moral development which in turn will help them to have respect for themselves and others. The secure knowledge and the experiences that they gain throughout their time at Lilliput will help them to become more confident individuals and conscientious global citizens. We will also help the children to develop their British values and to show respect and tolerance of different faiths, beliefs and world views and to celebrate diversity.

Each enquiry follows the 4-step model of Engagement, Investigation, Evaluation and Expression
